

A person with long dark hair, wearing a black jacket and a watch, is sitting on a stone ledge. They are forming a heart shape with their hands, with the city of Madrid in the background under a sunset sky. The text "I Spain" is overlaid on the image.

I Spain

INTERNSHIP PROGRAMS IN SPAIN

WHAT CAN WE PROVIDE YOUR UNIVERSITY?

- Quality, remunerated, internship programs for your students.
- Housing assistance
- Welcome events
- Full time assistance
- Language courses
- Airport pick ups
- Monitorization of the placements

We have 2 main services: Recruitment and Premium.

OUR RECRUITMENT SERVICES

Our recruitment services are **completely free for students and universities** generating a win-win solution for all our stakeholders.

Every year we recruit for more than 3000 placements, having long – term partnerships with universities from countries like USA, China, UK, Slovakia, Finland, The Netherlands or France.

With our recruitment services we can not guarantee 100% that students will get a placement as companies select and decide which candidate they want to accept or not.

OUR RECRUITMENT SERVICES (II)

Our recruitment service includes exclusively the internship arrangements and general support and advice to students :information, housing and documentation.

This free service does not include the direct execution of bookings, documentation (NIE, VISA) or others by Spain Internship staff members.

In case of cancellation of an internship, we always try to support students to be relocated, though it can not be guaranteed

OUR PREMIUM SERVICES

Our premium service is the perfect solution for those universities or schools who need value-added services as well as guaranteeing the placement for all of the students group.

Within this service, we assign one of our agents to handle and organize our previously designed program, guaranteeing results and handling all the students needs.

Any personal support can be required. For this type of groups we directly book the housing, make all the documentation and arrange anything that could be required (language courses, airport transfer, or others...)

This service is not free, and cost depends on the services required.
