

# Junior JavaScript Developer (with Upskilling to Regular)

Poland

## **JOB #: 72943**

*EPAM is a leading global provider of digital platform engineering and development services. We are committed to having a positive impact on our customers, our employees, and our communities. We embrace a dynamic and inclusive culture. Here you will collaborate with multi-national teams, contribute to a myriad of innovative projects that deliver the most creative and cutting-edge solutions, and have an opportunity to continuously learn and grow. No matter where you are located, you will join a dedicated, creative, and diverse community that will help you discover your fullest potential.*

## **DESCRIPTION**

*Ready to conquer new professional heights? Currently, we are looking for motivated **Junior JavaScript Engineers** eager to boost their skills and upgrade to Regular Specialists with our **two-month paid mentoring program**. This opportunity is a unique chance to choose a fast track to level up and make a giant step in your career.*

*In this role, you'll work & learn from the leading industry experts worldwide by practicing your knowledge with cutting-edge technologies on our projects in various areas and domains. The acquired skills will help you become well-versed in Node.js, JavaScript superset and typed languages.*

## RESPONSIBILITIES

- Work within the Development Team delivering the core features
- Take responsibility for ensuring the delivery meets the Department quality standards
- Expanding knowledge and sharing enthusiasm of software engineering techniques with your peers.

## REQUIREMENTS

- Experience in working with core JavaScript
- Deep understanding of at least one modern framework (Angular/React/Vue)
- Hands-on experience in working with CSS3/HTML5
- Knowledge of source code control and build tools (GIT, WebPack, others)
- Ability to handle multiple tasks concurrently and work in a fast-paced environment.

## WE OFFER

- Work on enterprise-level projects
- Global communication with colleagues and peers
- Individual career path in engineering
- Remote work & relocation to 50+ countries
- Unlimited access to learning courses (LinkedIn learning, EPAM training courses, English regular classes, Internal library)
- Benefit package (private insurance, health care, multisport, lunch tickets, and shopping vouchers, etc.)

- Please note that only selected candidates will be contacted.
